

**Staff Clinician Professional Level Review
Evaluation Form for Submitted Packages**

Applicant: _____

Position Summary: Senior Research Physician

Staff Clinicians approved for the level “Senior Research Physician” will be considered national or international leaders in their field. At this level, physicians are expected to be active leaders in the IC (e.g., IC Advisory Board, IC Protocol Concept Review chairperson, service on IC national search committees, branch Fellowship Program Director/Assistant Director), to actively mentor other clinical staff and/or to develop and serve as PI of one or more clinical research trials. These individuals will have stature such that they are called upon as experts by outside institutions, are invited to give seminars at research institutions and national meetings, hold important roles in professional organizations, or serve on grant study sections. This position is envisioned as equivalent to that of a “Full Professor” in the academic ‘Clinical Track’ and/or ‘Clinician Educator Track’ in outside academic medical centers.

CHECK LIST	SUBMITTED
Memo supporting above relevant criteria	
CV with bibliography	
Three letters of reference from non-collaborators outside of the NIH. Letters must be solicited by the IC.	

Factors to consider (not all mandatory):	Met	Not Met
Significant role(s) within a quality clinical research program		
Delivery of quality patient care with attention to patient safety over an extended period of time to protocol participants as an Attending Physician or through a consult or diagnostic service		
Serving as a resource on the conduct of human subject research trials, including service on an Institutional Review Board (IRB), Data and Safety Monitoring Board (DSMB), or service as a voting member of search committees		
Major role(s) in the development and execution of multiple high quality clinical research protocols		
Leadership role(s) in the IC or NIH (e.g., IC Protocol Concept Reviewer, service on IC national search committees or other taskforces/ committees)		
Significant role(s) in the professional community activities such as national meetings, professional organizations, and extramural collaborations		
Major role(s) in the training and mentoring of clinical staff		
Receipt of NIH or IC award(s)		
Develop and serve as PI of one or more clinical research trials		
Scholarly achievements in scientific publication		
Additional exceptional factors that are added by and reflect the special character of the IC with the approval of the DDICR		
Have received an “Outstanding” rating on the <u>two</u> most recent Quadrennial Reviews or BSC Reviews; <i>(inserted by SCPC -for Staff Clinicians who have had only one BSC or Quadrennial Review, an “Outstanding” rating on the most recent Quadrennial or BSC Review and outstanding or exceptional national or international recognition for additional services [i.e. National, international, or life-time achievement award for quality patient care, clinical research, education curriculum development or mentoring,</i>
